## In memoriam Anders Stig Møller

On the afternoon of 10 April, Anders Stig Møller, the Secretary General of the LO/FTF Council (the development cooperation organisation of the Danish trade union movement), died from a massive cerebral haemorrhage. Anders was busy getting his beautiful sail boat ready for the season. All attempts to save him in the hospital were futile. He was 55 years old.

Anders had a long history of work in the trade union movement when he was first posted in Bangladesh for the LO/FTF Council. After an additional three years in Nicaragua he returned to Denmark to be a consultant for the Central America department. In 2004 he was appointed Secretary General of the LO/FTF Council.

Anders was a dynamic leader who worked incessantly to consolidate and strengthen the LO/FTF Council. During his time the LO/FTF Council gained a reputation as a credible and professional institution. He was also an important player in the world development cooperation and President of the Danish EU-NGO Platform.

Our sympathy goes to his family.

Guy Ryder,  
ITUC General Secretary

Programme of
