Van etikettering tot hulpverlening - Hulpverlening aan immigranten in de 21ste eeuw

Ontwikkelingen in de zorgsector kunnen niet los gezien worden van algemeen maatschappelijke ontwikkelingen. We kijken op een actuele manier naar allochtonen in onze samenleving om van daaruit op zoek te gaan naar hulpverleningsvormen aangepast aan de huidige immigrant in onze samenleving.

Koloniaal verleden en heden: naar een dekolonisatie van de Westerse geest. In gesprek met Olivia Rutazibwa

In september 2011 riep Olivia Rutazibwa tijdens TEDx Flanders in de Antwerpse opera op tot de dekolonisatie van onze westerse geesten. De manier waarop we denken en in het leven staan, zou het resultaat zijn van vele jaren dominant Westers denken. Een interview met Olivia.

Hoe sociaal is Homans?

Liesbeth Homans moet het sociale gezicht van de stad zijn, als Schepen en als OCMW-Voorzitter, en ze laat niet na iedereen op het hart te drukken dat zij zelf, haar partij en de Antwerpse coalitie erg 'sociaal' zijn. Tijd om woorden en feiten even tegen elkaar af te wegen.

Naar aanleiding van de tiende verjaardag van de invasie in Irak zal het 'BRussells Tribunal' op 19 en 20 maart 'The BRussells Awards for Resistance and Solidarity' uitreiken. De prijs voor verzet gaat naar de Irakese activist en voorzitter van de 'Volksbeweging ter redding van Irak' Uday Al Zaidi.

Beste rundskop, het is tijd om een superheld te worden. Elk jaar volg ik nauwlettend je gedaanteverwisseling. In de winter ben je zo onzichtbaar als Rik Torfs op een CD&V-congres. Maar zodra de eerste zon verschijnt, begint je wederopstanding.

Ik voel mij al meteen heel wat minder aangepast, maar stel mij wel de vraag waaraan ? De westerse democratie en haar waarden van verlichting is het zeker niet. Ik vermoed dat het eerder een 'intolerantie ideologie' is waaraan ik niet aangepast ben. Maakt mij dat dan een aulochtoon ?
