Dear Friends,

The Global South Workshop is a week-long workshop for talented Ph.D. students from Southern universities researching topics at the intersection of international studies and development studies. The workshop will give selected participants the opportunity to present and discuss their research in a seminar format. The 2013 workshop is jointly organised by the Graduate Institute, Geneva and El Colegio de México, Mexico City; it will take place from 30 November to 7 December 2013 in Mexico City.

Thanks,
