## **South America**

### **Trama, the cooperative of TV channels in Argentina**

The cooperatives in Argentina have decided to take a strategic step up in telecommunications, now the change in laws governing such services, rules that the non-profit entities can be therefore providers of radio and television. Over two hundred cooperatives providing

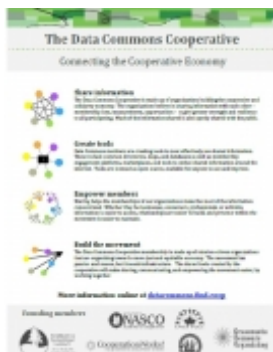

public services thus became cable operators. [Read more](#)

## Cooperatives, opening doors to return to Paraguay

ZAPACCOOP has been an experience that demonstrates the value of worker cooperatives for the return of workers, who for various reasons have decided to return to their homes after years of living abroad. This is the successful case of this cooperative active in the production of shoes as the point of origin of a group of workers who developed the jobs in Buenos Aires. They saw that it could be an opportunity to return home, organize their knowledge and work cooperatively. [Read more](#)

## North America

## Data Commons Cooperative, a movement building organization in Canada

The Data Commons gathers information and creates tools that make it easy for members to access each others' data, and broadcast information to the public. What this means for worker cooperatives and developers in Canada is easy access to information that has been absent in the past - the ability to know just who and where other cooperatives are. [Read more](#)

## Asia
