Call for continuing supportive policies for the social economy in the EU

In its 2014 Elections Memorandum the Social Economy Intergroup of the European Parliament calls on political parties and individual candidates for the European

Parliament to ensure that in the upcoming legislature social economy and social enterprises in the European Union are ranked as high as they are valued. [Read more](#)

An Italian social cooperative finalist of the European Commission Social Innovation Prize

Social innovation is at the basis of cooperatives. Many examples all around Europe are showing how ideas that put the persons at the heart of the decision making process answer to the social needs. As a result over 1,200 proposals were received out of which ten finalists have been selected, one of them the Italian social cooperative Progetto Quid. [Read more](#)

Spain: 23% more worker cooperatives created in 2013 and generating net employment

At the close of 2013 there was a 23% increase in the creation of worker cooperatives than at the same time the previous year. Up to 2013, there had been 10 points' worth of fewer job losses in cooperatives than in other company types. Worker cooperatives are currently creating net employment, in a country where there are 5 million people unemployed. [Read more](#)

South America

Regaining work and dignity: Argetinians celebrate Workers' Day

Some 25,000 people have celebrated Workers' Day in Argentina, emphasising the role of worker cooperatives in regaining work and dignity, through 25 simultaneous events held country-wide, from Ushuaia to the Impenetrable Salteño. [Read more](#)

Taking up the challenges of Brazilian growth thanks to intercooperation

The opening up of Brazil's economy in the nineties had a significant impact on national industry, and strongly affected certain sectors, which experienced a range of consequences, from the loss of formal jobs to some companies closing down. [Read more](#)

North America
